Gumiyuje?

First and Foremost

We want to extend our sincere condolences to all the families that have lost a loved one during the past year. Especially to those within the past months, the Delta variant was not expected and now has hit our people hard. We need to keep ourselves healthy, safe and watch our young adults, young kids today even more so than ever.

COVID-19 and Delta variant

We have entered an end of summer and the beginning of fall. We want to thank you for all that you have done during the Pandemic to ensure that we move forward and continue to succeed as the Hualapai Nation to be strong and work to fight this COVID.

As we move through the Pandemic, we are continually reviewing and monitoring information on the Covid-19 virus. As it evolves, so do our actions and responses. The new and emerging Delta variant of the virus is no exception. We have once again instituted a mask mandate at all our departments due to the increased spread of the Delta variant.

We have lost quite a number of members of the tribe and their significant others by this new Delta variant, and the majority of them were the ones that were not vaccinated. It is your choice, but as you have witnessed we have suffered many deaths. Be safe where ever you travel to and stay healthy. We encourage people and still advocate for people to get the vaccination.

Update on Application for Events Wagering

As mentioned in last month's Gum yu, we were in process to apply for an application to one of the ten (10) licenses for event wagering. The new compact signing indicated that there was going to be the events wagering coming into the AZ Gaming. There are more than 10 tribes vying for the applications. The Hualapai Tribe did meet all the criteria for the application. Since there are more than the 10 available, the State of AZ- Department of Gaming, has to go through the applications and then have another set of guidelines for who will actually obtain the license. At this time, we did get approved for one of the 10 licenses. Good job Tribal Council, Attorney Charlene Jackson, Grand Canyon Resort Corporation, Golden Nugget Casino, and our Policy Arizona, John McDonald.

The following is located in the AZ Gaming site for the known AZ sports betting partnership and tribal affiliates: Bally's Corp with Phoenix Mercury; Barstool Sportsbook with the Phoenix Raceway; Betfred with the Ft. McDowell Yavapai Nation; BetMGM with AZ Cardinals and Gila River Hotels and Casinos; BlueBet with Colorado River Indian Tribes; Caesars with the AZ Diamondbacks; DraftKings with the PGA Tour's Waste Management Phoenix Open; FanDuel with Phoenix Suns; Kindred Group with the Quechan Tribe; Maxmim Bet with White Mt. Apache; PointsBet with the Yavapai- Apache Nation; TwinSpires with the Tonto Apache Tribe; and WynnBet with the San Carlos Apache Tribe.

In order for the Hualapai Tribe, and our GCRC to make this happen, we had to obtain a partnership with Golden Nugget in this process. We hope that this occurs as gaming has changed. It is becoming more modernized in that you will be able to bet "on-line" or by phone. We are in the stages on what has been mentioned in our process to move forward- "Taking it to the next level". We have a great anticipation that we will be one of the ten (10). It is a great move by our people and our Corporation.

In Closing, just to imagine what could happen if we could learn from time. We cannot hold it back or push it forward. We are given the task of learning respect for the seasons that pass. We are asked to make every moment and deed of our lives important and sacred. Tomorrow will never come, bringing us joy, if we forget to find the contentment of today. So, let us possess time by being fully aware of the moment we are experiencing. In that moment, we all stand sacred human presence. We need to dedicate ourselves to the continuation of sharing and creating the sacredness of our combined potential.

Hamo'. We will catch you next month.

It was such a pleasure to meet the U.S. Department of the Interior, Secretary Deb Haaland at the Santa Fe Indian Market.

"Secretary Haaland became the first Native American woman to be elected to lead a State Party. She is one of the first Native American women to serve in Congress. In Congress, she focused on environmental justice, climate change, missing and murdered indigenous women, and family-friendly policies." (<https://lnkd.in/gaqdXXQz>)

Today, the tribe continues to govern the Hualapai Indian Reservation, its trust lands, and properties held in fee title, limited only in its authority by its Constitution and the Constitution and laws of the United States.
 - b. The Hualapai Tribal Council is the governing legislative body of the Hualapai Tribe and has the sole and exclusive authority to grant, deny, or withdraw the privilege of doing business within the Reservation, trust and fee lands, except where such authority is limited or withdrawn from the Tribe by the applicable laws of the United States.

Special Election Candidate • Philip Bravo, Jr.

Submitted by: Philip Bravo, Jr. | Hualapai Tribal Candidate

Gamyu People of the Tall Pines,

This is Philip Bravo, Jr. I am proud to announce that I am running for the vacant tribal council seat. Let me start off by saying that it is hard for **ANYBODY** to say that they have an agenda for the council and/or make promises. The one thing that I can see is that a lot of our departments are real heavy on upper management and not enough employees to actually do the work. This will change if I am elected. Also, one thing that I will really focus on is getting infrastructure to Grand Canyon West. Getting electricity and water out there has been long overdue. Our council needs to focus on Grand Canyon water rights due to the drought that we are currently in. I attended the debate on Wednesday, August 11, 2021 but I can answer any questions that you may have.

Thank you, Philip Bravo, Jr.

Hello,

As you are all aware of the current council position available, I too am interested therefore, I have placed my name as a candidate of Tribal Council to represent you.

I've been living among you my entire adult life. I left when I was 20 entering the U. S. Army, serving my country and was Honorable Discharged.

These are the following that I have achieved for you the people of the tall pines.

I have served this community by singing for you since 1994 to present.

Planned and created the La Paz run which started in 1997.

Amended the Law and Order Code to include Rape, one of the major crimes act.

Assisted in increasing and implemented into the Domestic Violence Section to increase penalties of Chapter 7.

Created and implemented Grandparents rights to give rights to opposing Grandparents who are denied the right to visitations of their grandkids into the Law and Order Code.

Thinking of all of your fathers, uncles, brothers, and grandfathers, and not forgetting them was to go forward to the State of Arizona to push for recognition for our Hualapai Veterans. A recognition well deserved. In addition to the current Highway 66 to Hualapai Veterans Highway, a legacy that will be ours forever.

I believe that any person can achieve anything, if believing in themselves it can be done. I'm not going to say I will do this or that. What I'm going to do is stand and defend each of you. You all know me. I don't back down, or simply talk. I stand my ground as I will stand and represent each of you, with pride and honor. Following the Constitution of the Hualapai Tribe. The code of ethics, that is always forgotten.

Thank you

Michael J. Whatoname

Special Election Candidate • Robert Bravo, Jr.

Dear Hualapai Tribal Members,

It is with great pride I can say I am Hwal'bay. My name is Robert Bravo Jr. and I am running for Hualapai Tribal Council. My professional background is business. I have over 25 years of upper business management and leadership experience. Family is of most importance to me. I enjoy hunting, camping, golfing and spending quality time with my entire family and friends. My father and mother are Robert Bravo Sr. and Marilyn "Imus Bravo. My father was born and raised in Nelson Arizona where his father Torivio Bravo was raised from the age of 14. My mother Marilyn is full blooded Hwal'Bay. My paternal great grandmother is Queenie Imus who was married to John "Wath-Nack-A-Ma Imus who was an Indian Scout for the U.S. Army. My maternal great grandmother was Alma "Lane" Fielding from the Big Sandy. Alma was married to Tom Lane who was from the Blue Mountain area.

It is my honor to be a Hualapai Tribal member. Our Constitution permits all tribal members to share in the responsibility of tribal government. The responsibility is not just an elected position, but to become a leader of our great nation to help make decisions that will be in the best interest of our people and the land we live on.

Here is my interpretation of what a Hualapai Tribal Council member should focus on:

- As a Hualapai Tribal Council member I will devote official time and my own personal time to the problems of basic policy and as a liaison between the Tribal Council and our Hualapai people.
- I would promote economic development opportunities to ensure a stable working environment to provide more jobs for Hualapai's and show the world once again that Hualapai's are great entrepreneurs.
- I would serve the Hualapai people first and foremost in everything that I do and not my own personal interests. Putting the Hualapai people first means doing what is in the best interest of the community. After all, that is the primary reason the Hualapai Tribal Council member position exists.
- I would avoid any conflict of interest that would keep me from putting the Hualapai people first.
- I will focus my efforts on day to day operations and also the future development of the tribe. I feel it is a public official's responsibility to be honest with the public, disclose any possible conflict of interest and provide information to the Tribal Membership as needed.

As Hualapai Tribal members we are truly blessed to live in such a unique area which is encompassed within one million acres of beautiful pristine land. Our reservation borders 108 miles of the Colorado River that is located on one of the World's Natural Seven Wonders, the "Grand Canyon". There are many issues we need to focus on so we can continue to be self sufficient and not allow anyone to take away our great opportunities for economic development. For example, our tribe has been in negotiations with the National Parks on the Colorado River Management Plan. For many years the National Parks has tried to regulate and cap our business to less than what the Hualapai River Runners, Grand Canyon 9 Rapids and the Grand Canyon Pontoon operations are currently doing. This could potentially mean that the amount of passengers the Hualapai Tribe can sell in our tourism operations will be controlled by the National Parks. Many of the companies that travel from Lees Ferry are not paying for their guests who encroach on our tribal lands. I will help adopt a procedure that monitors our land to make sure we are getting paid for each guest that trespasses on our property.

I was fortunate to start working with the Grand Canyon Resort Corporation in 1997. During my tenure I have seen many challenges and have had the opportunity to be part of the newest changes that have occurred. I was also involved with the runway project team and worked closely with FAA representatives to develop the new runway. In 202 I participated with the Hualapai Tribal Council, GCRC and the National Parks to discuss the Colorado River Management Plan.

If elected, I would gather information and share it with you so all tribal members have a clear understanding of the issues that affect the Hualapai Tribe. Political terms don't last forever therefore communication is very important. We must all know what is at risk so our younger generations can continue to protect our land and our constitutional rights.

We have a great community that every tribal member should take pride in. What can we do as tribal members to make it a better place to live? What can we do to turn Peach Springs into a more cohesive community? My goal as an elected official will be to help our community be a better living place for all tribal members.

We have social issues similar to other communities and reservations and we need to focus and devote more of our resources on:

- Covid 19 (my sincere condolences to tribal members who have lost loved ones)
- Substance abuse
- Domestic violence
- Political interference

As your elected Council member it would be my responsibility to help implement programs to curb these and other issues to help our people. We also must never forget about our culture and traditions. Our parents and grandparents were taught to respect everyone. I feel we must regain that pride and have respect for one another within our community if we are to move forward as a united tribe. As your potential elected official I give you my word it will be my responsibility to work with our Chairman, Vice Chairman and our Council to look out for the best interest of the Hualapai people, our tribal businesses, the Hualapai Tribal assets and the tribes Natural Resources. I will support Council decisions and promise to keep you informed. Currently, I am familiar with the issues the Hualapai tribal council has been dealing with. Even with the community shutdown due to the Covid-19 crisis, I have kept updated on the current political activity by following the council meetings with KWLP radio and via zoom.

If elected, as your Council member, I pledge to lead by example and enforce the Hualapai Constitution and all laws within our tribal government. In closing, I would appreciate your vote and support as your newly elected Council Member of our "Great" Hualapai Nation.

Sincerely,

Robert Bravo Jr.

Hualapai Tribal Member #00000082

SATURDAY Sept. 11, 2021

To The Hualapai Community

From Cheyenne Majenty, 2021 Council Candidate

Gam'yu Hwal'by

I am proud to be running for the 2021 Special Election for Council. As such, it my duty to inform the people of who I am, my background, and what my intentions are for this election.

My name is Cheyenne Isabella "Yu Hundav" Majenty, the daughter of the late Travis Majenty and descendant of Ha'k sigela, Big Sandy Band. I am a 27-year-old single mother of 6 children, 2 of my own and 4 are my siblings that I have adopted. I have always been family orientated and stepped up to carry on our family when our father passed away. I will not hide the fact that losing our father did cause me to spiral into an alcoholic in 2016 but it is possible for people to change for the better. I am very proud to say I have been sober for 5 years strong.

I never came from money, fancy cars and houses or new electronics. I grew up in a humble home from a hard-working man that loved his family and people more than anything. His values have passed down through myself and try to carry that down to my children. I have learned to help others even when you have nothing yourself, to be the listening ear when no one else wants to hear, to be the one to give my shirt off my back and never ask for anything in return, to stand for what is right, even if that means standing alone. To be forever grateful to my Tribe and people are what I hold dear to my heart and being.

I have served the tribe for over 11 years in various fields like shelter security, a domestic violence advocate, emergency communications technician, ICT Deputy Commander and my current position as the WIC Program Coordinator. My longest standing service was the emergency communications technician for 6 years. In that time, I had seen the hardships, deaths and tragedies our People have endured. Many families that have suffered losses I sat with on the phone, in person and hurt with you. Working in emergency services placed the foundation in my morals to help the community, not for money but because you have a passion to help and serve.

Working for ICT was not a career jump but an opportunity to help my community during the beginning stages of the COVID-19. It was an honor to be recruited by the 1st commanding staff to serve as a security guard. As the pandemic continued, I offered my experience and skills for use and was promoted to Public Information Chief. With that position, I was able to see and hear the community concerns, questions, and problems. I had a great crew to help be able to problem solve and be resourceful to help the community. It was a great opportunity to educate people on the Incident Command System, how Resolutions were worded, and encourage to be there for one another. When I was selected to serve as the Deputy Incident Commander, I was overwhelmed with honor. In that position, I really got an opportunity to see firsthand how the operation worked, plan and oversee the execution of plans and work with Council on handling the pandemic. During this time, I learned what it really meant to be FOR the people and stand BY the People. Our operations were for the benefit and welfare for the community but it became just another monetary expense to our Leadership that, in certain people's eyes was unnecessary. Even a voluntary team was shot down as we had our complete interest in protecting the people rather than getting paychecks.

I give our People tremendous credit for doing what they can in protecting themselves from COVID-19. Continue being strong and resilient! We mustn't forget those we have lost to this virus. Their memory lives on through each one of us. Those that have recovered, you hold their memory as well and carry on in survival. Every death was not in vain as our People pulled together to stop as many deaths as possible. My sincerest condolences to those who have lost a loved one.

My people, my Tribe are beautiful, strong and resilient but we are not invincible. We have other issues that plague our way of life- alcoholism, drugs, lack of available food to low-income families, and mental health are just a few to name off. I'm not going to promise you that I can change all these things and paint a picture of perfection. What I can do is be a voice for our People, a voice to be heard and listened to. I come from the same place you do and understand the hardships. We have facilities and resources to help battle these issues, why are they not available or known to the community? WE can come together and question, challenge the issues. WE are responsible for ourselves as well as the people we place in Council. WE have the power to make changes for the better! A councilmember is the representative of the People and I fully intend to be that voice. I will not be hushed into silence because of a topic that isn't "meant for the People to hear". Enough of the secrets.

We deserve to be a part of the financial decisions, to know what our budgets are, acknowledge the alcohol abuse here and do more than just sit in meetings. Actions speak louder than words and we need to see more

action happening. Explaining the process and proceedings need to be explained to the people as not everyone is politically versed, we need to be able to get the information out in an understanding manner. We need to encourage our Youth that there is so much more to life than just finishing high school. Encourage them to go to college, explore the world! Peach Springs will always be here and be home. We need to stop demonizing those who do leave in search of better for themselves. If we want to retain educated Hualapai, then make positions to where a Hualapai employee can be qualified for otherwise, they will find jobs elsewhere. We need to rebuild our Tribe with structure and integrity. I had a very good leader say before "you make it clear and cut across the board for everyone, otherwise you'll get lost in what you let slide by and what you didn't". We have the potential to be a great people, especially in times of darkness but let's grow stronger and better than ever!

I have used the term "we" a lot in this letter. That is because I alone cannot make these changes, but we together can! I can be the voice you need to get your thoughts out there. It takes a team to get us to our goals and WE CAN DO IT HUALAPAI!

We vote to place the persons we chose in these positions to lead and help our Tribe. I may be young but I know my heart is forever with my People and to be a servant of the Hualapai Tribe is buried in my morals. Han'kyu for reading and your support!

Cheyenne Majenty
2021 Council Candidate

VOTE: RONALD QUASULA SR for TRIBAL COUNCIL

I am running for tribal council. I believe my experience as a tribal council member is an asset. I will not have to undergo the “on-the-job-learning” to know the business of our tribal government. I will work full-time for all Hualapai people – for those that live on the reservation and for those that live off the reservation. I am respectfully requesting that tribal members contact me and tell me what they would like to see changed or improved for the betterment of the tribe.

I been asked by many to run for office, I have heard the voices of our people who have said repeatedly we need leadership to help us during this difficult time as we all battle against COVID 19.

As we look back to the past year to where we are at, we as a tribe have faced the modern day attack on our people, our safety and our wellbeing, been tested; we are hurting as a tribe.

This pandemic not only has tested our strengths but also has exposed the many truths that we face today, the overcrowding of households, the homeless situation onto our water rights.

Your voices I hear, for that I am running for tribal council to be your voice, the leadership we need, we need that voice to not only address the matters that we face today but we need that voice to be prepared for tomorrow.

I want you to take a moment look back from March of 2020 to where we are now, has council done enough to protect you, your family, your kids and our elders? Has the council done enough to help us from future preparedness for battles we face like COVID-19, has the tribe been honest with you of the failures of the response to covid-19, has the tribe learned of the failures and made us safer, has our tribe used all our programs and departments to work together to help our people? These are things to think about as we move forward; we need a voice that can help us lead in the battle we are facing against covid-19. Leadership, honesty and the compassion to help guide our people. I know I can be your voice, with my years of experience of leading in major disasters and emergency response.

What needs to stop is the appearance to hide or keep secrets from our people!

We have spent hundreds of thousands of dollars on a communication system that the tribe is not using, what I am talking about the communication system that we spent all this money to broadcast our council meetings on ZOOM and to the radio station, but we are not doing this. Once again, all this waste of money and the appearance of hiding things from our people! We need to be more transparent, we need to communicate, and this appearance to hide matters to our people needs to STOP NOW! Use the equipment we bought, broadcast these meeting to the people, deliver the information door to door for our elders so they understand what we are doing!

VOTE JULIET STEELE

FOR HUALAPAI TRIBAL COUNCIL

I WILL BE YOUR VOICE....

Gamyul Hwal'bay, Mihanjeh?

My Story

Why did I run for Council?

I feel motivated to run for a seat on the Tribal Council because of the tribal issues. I feel that we need to have a voice in addressing the issues here on our homelands and protect our people and tribal interests. The only way I see that happening is I win a seat at the leadership table. I believe I can make a good representative for our tribal members.

Issues addressed with the tribe are: lack of communication by the current Tribal Council of informing the tribal membership of the tribal issues, the status of the Tribe's Grand Canyon Resort Corporation, the tribal Constitution, housing, education, suicides, lockdowns, tribal members deaths that were not considered, healthcare concerns, Judicial Department, proper organizational structure within the tribal Committee's and Board's to address the tribal issues.

As you can see, I already have a long list of issues to address. I know there are many, many more that have yet to be heard.

My Family

My father is Rupert Steele, an enrolled member of the Goshute-Shoshoni Confederated Tribe in Utah. My mother is Catalina Querta from the Hualapai Tribe. I was raised by my great-grandma Annie Querta. I have 2 brothers; Dugan and Fernando Steele, 2 sisters: Ruby and Edna Steele. I have 3 children: Carmella, Anthony and Theresa Fuentes. I have 2 grandbabies Joey Sullivan and Anthony Thompson, 8 nieces/nephews: McKell Oldbull, Kaylise Oldbull, Floyd Oldbull Jr., Quentin Steele, Devette Greymountain, Dayna Steele, Reila Steele, Brayden Morgan.

I respect the teachings of my elders as I grew up. At the time, I didn't know how important it would be to me in my future to learn the things they were trying to teach me. As I got older, I realize the reasons behind the teachings and I'm very thankful.

My parents are fluent in their tribal language. I grew to understand it, but never got fluent and I know there are a lot of our tribal members in the same boat.

My Education

Educational Certification in Child Development Associates at MCC.

Business Management courses at MCC. Need to complete 2 courses; Statistics and Finite Math to complete the ABus Degree Program. This ABus Program concentrates on transferring to a Arizona University to continue with the Bachelor's Management Degree Program, which is my personal future educational endeavor.

My Employment

With our Corporation:

- Gift Shop Department - Cashier
- Food & Beverage Department - Cook
- GCW Airport and Medical Department - Dispatcher

With our tribal government:

- EMS Department – First Responder, Billing Clerk, Dispatcher, Secretary
- Headstart Program – Teacher's Aide, Secretary
- Boys & Girls Club – Club Aide
- Cultural Resources – Secretary
- Natural Resources - Secretary

With the Elementary School:

- Title I Teacher's Aide
- Sports Coach
- Student Council Advisor

With the Indian Health Services:

- Medical Records Clerk
- Property & Supply Clerk

I have gained a lot of experience over the years by working in various areas of the tribal government.

Special Interests

- 7th/8th Grade Girls Basketball Coach. Go Tigers!

➤ Served on:

1. Headstart Parent Committee
2. The Wildlife, Fisheries & Parks Committee
3. Education Committee
4. Events Committee
5. Recreation Committee
6. Health Board
7. Election Board

- Firefighter with the Elko, Nevada firefighters.
- Traditional performer: Bird Dancer (I understand and am very strong in the Hualapai culture/tradition)

My education, job experience's, knowledge, training, culture/traditions and special interests will be my foundation when addressing issues facing our tribe.

Support the future

The future is our children, we "MUST" prepare them for leadership. Education and training is needed to succeed. We can't be old school all the time, the world will leave us behind, and will take advantage of our lack of education and knowledge. We need to use "OUR" resources better to take advantage of the many opportunities that are out there. We need to make sure tribal members have the tools to be successful.

By increasing the communication between the Tribal Council and the members, some of the trust can eventually be restored. Discussion of future endeavors "NEEDS" to include the tribal members. If leadership doesn't share their vision with the members, we cannot be expected to blindly support it. I make no unrealistic promises.

I will do my best to be your voice and I encourage your participation in the growth and future of the tribe. Without each of you we can do nothing; with "US" working together we can accomplish a lot.

Finally, I have been in the workforce since I was 14 years old. I have worked with many of you, played volleyball, basketball and softball with a lot of you. Taught many of your kids. I have made lasting friendships with many of you and have always respected the opinions of others. I may not always agree, but I will always respect you. I may not always be ready to give you what you want or need, but I will do my best to understand your needs and will provide options and ideas.

YOUR VOTES ARE IMPORTANT TO ME AND IF I AM ELECTED, I WILL LISTEN AND DO MY BEST TO REPRESENT. THANK YOU.

Sincerely,

Juliet Steele

Would you believe preparations are already underway for the National UNITY Conference slated for Portland, Oregon in 2024 and Oklahoma City in 2026? Site visits to both cities happened earlier this month led by UNITY's Executive Director Mary Kim Titla. The Portland site visit included National UNITY Council (NUC) co-president Izaiah Fisher of the Confederated Tribes of Siletz Indians. HUALAPAI TRIBAL COUNCIL
RESOLUTION NO. 58 -2021
OF THE GOVERNING BODY OF THE
HUALAPAI TRIBE OF THE HUALAPAI RESERVATION

**MANDATING COVID-19 VACCINATIONS FOR ALL TRIBAL
GOVERNMENT AND ITS ENTERPRISES EMPLOYEES**

- WHEREAS,** the Hualapai Tribe is a federally recognized Indian Tribe located on the Hualapai Indian Reservation in Northwestern Arizona with authority vested in the Hualapai Tribal Council by the Constitution approved March 31, 1991; and
- WHEREAS,** the Hualapai Tribal Council has the power to represent the Tribe and act in all matters That concern the welfare of the Tribe pursuant to Article V (r) of the Hualapai Constitution; and
- WHEREAS,** the Hualapai Tribe declared a State of Emergency in connection with COVID-19 on March 17th, 2020; and
- WHEREAS,** the Hualapai Tribal Council passed Resolution 44-2021 and Ordinance 101-2021, with necessary measures to fulfill the mission of COVID-19 mitigation and communicable disease prevention; and
- WHEREAS,** the Hualapai Tribal Communicable Disease Ordinance has prepared emergency measures to protect the Hualapai community by limiting exposure to COVID-19 and any communicable diseases to limit community spread; and
- WHEREAS,** COVID-19 vaccinations have been provided to the Tribe by the federal government pursuant to its Federal Drug Administration's emergency use authorization ("EUA") under Section 564A of the Pandemic and All-Hazards Preparedness Reauthorization Act of 2013 ("PAHPRA"); and
- WHEREAS,** the EUA statute (21§U.S.C. 360BB-3) provides that individuals be informed "of the option to accept or refuse administration of the [vaccine], of the consequences, if any, or refuse administration of the [vaccine] and of the alternatives to the product that are available and of their benefits and risks", as well as adverse outcomes such as loss of employment; and
- WHEREAS,** the courts have upheld mandatory vaccinations for COVID-19 by employers for employees despite its emergency use approval status under the EUA statute (21§U.S.C. 360BB-3); and
- WHEREAS,** the Hualapai Tribe possesses inherent sovereignty to regulate the health, safety, and welfare of all persons who enter or reside upon the Hualapai Indian Reservation; and

- 
- WHEREAS,** the Equal Employment Opportunity Commission (EEOC) has issued guidance ([What You Should Know About COVID-19 and the ADA, the Rehabilitation Act, and Other EEO Laws | U.S. Equal Employment Opportunity Commission \(eoc.gov\)](#) updated June 28, 2021) that indicates an employer does not have to provide a reasonable accommodation to employees who pose a “direct threat”, defined as a “significant risk of substantial harm” to their own or other’s health or safety, which cannot be reduced or eliminated by reasonable accommodation; and
- WHEREAS,** the Hualapai Tribe, through Indian Health Service and Peach Springs Health Center has provided vaccinations to Tribal Members and Employees of the Hualapai Tribe; and
- WHEREAS,** in response to the increase of infections and the Delta variant, multiple government and businesses around the country have made mandatory testing and vaccination a condition of employment in an effort to mitigate the public exposure to the virus; and
- WHEREAS,** in the response to the increase in infections, the Hualapai Health Board and the Emergency Response Team presents a request to the Tribal Council a mandate for COVID-19 vaccinations for all employees of the Tribal government and enterprises, subject to a reasonable accommodation provided for those employees who sincerely believe that vaccination conflicts with their religious tenets or those who cannot receive a vaccine due to a disability; and
- WHEREAS,** the Council concurs with the Hualapai Health Board and Emergency Repose Team and finds that all the rationale for the mandating COVID-19 testing and vaccinations for ALL employees of the Tribe’s government and enterprises:
1. The Hualapai Tribal Council has broad authority to regulate individual rights to protect the general health, safety, and welfare of the Tribe and its members as a whole;
 2. The freedoms and liberties of an individual employee are not absolute in all circumstances but are subject to restraints and mitigation measures necessary for public health, safety, and welfare;
 3. The Tribe has the right to protect itself against the COVID-19 pandemic which threatens the health, safety, and welfare of its members, employees, and visitors;
 4. As a matter of health policy; as a recommendation by the CDC, a substantial share of the population must acquire immunity, either through vaccination or previous infection, in order to get the pandemic under control and reduce potential morbidities and mortality;
 5. On August 23, 2021 the FDA approved Pfizer-BioNTech COVID-19 vaccine for prevention of the COVID-19 disease in individuals 16 years of age and older, the FDA has issued Biological License Application under Section 351(a) of the Public Health Services Act (PHS Act) for COVID-19 Vaccine, mRNA;
 6. Though some vaccines remain under the FDA EUA, the federal EEOC guidelines and federal courts have indicated that employers may require vaccines in healthcare and other settings; provided that reasonable accommodations be made for those employees seeking to opt-out due to sincerely held religious beliefs or a disability;
 7. Individuals requesting to opt-out due to sincerely held religious beliefs or a disability must let the employer know that they need an exemption from the

requirement by submitting a notarized exemption from a religious leader or a letter from a provider requesting an exemption or a reasonable accommodation for a disability.

8. For any reasonable accommodation for those seeking to opt out of a mandated vaccination, an individualized assessment must be made;
9. Some reasonable accommodations according to the EEOC would be employees wearing a face mask, work a staggered shift, making changes in the work environment (such as improving ventilation systems or limiting contact with other employees or non-employees), permitting telework if feasible, reassigning the employee to a vacant position in a different workspace or getting periodic tests for COVID-19.
10. Such a vaccine mandate is reasonable under the circumstance and within the Tribe's policy power and in the best interest of the Tribe and public health, safety, and welfare, especially given the Tribe's relatively small population and the disproportionate, adverse effect of long-term related illnesses and potential deaths that may result from the virus without the prophylaxis of the vaccines.

THEREFORE IT BE RESOLVED, by the Hualapai Tribal Council that:

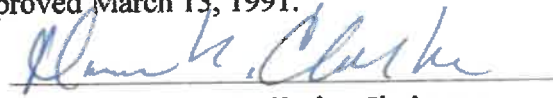

1. **Vaccination**. Full COVID-19 vaccination is hereby required for ALL employees of the Tribal government and its enterprises, and said mandate shall be a condition of employment effective within 48 days of the date of the resolution.
2. **Mandatory Testing**. All employees who refuse a COVID-19 vaccination based on the EEOC opt-out guidance based on religious tents or disabilities shall be subject to bi-weekly testing for COVID-19. The Human Resources Department for the respective employee, together with the Tribe's Health Education and Wellness Department, Indian Health Services, and Emergency Response Team, shall coordinate screenings, and the results of which shall be recorded.
3. An employee may apply to opt-out of receiving a vaccination if said employee has a sincerely held religious beliefs that prohibits such a medical procedure or had/has a disability, and the Tribe and its enterprises shall make reasonable accommodations, subject to an individual determination conducted by the Human Resources Department for the respective employee, conditioned that such accommodation cannot impose an undue hardship on the Tribe.
4. All employees shall submit proof of vaccination to the Human Resources Department, and said proof shall be included in the employee's employment record, subject to disclosure prohibitions of the federal Health Insurance Portability and Accountability Act.

FINALLY, BE IT RESOLVED, that the Hualapai Tribal Council has fully reviewed and determined that adopting this resolution is in the best interest of the Tribe and its members, employees, and visitors, and enacts this resolution this 31st day of August, 2021 and the condition of employment will be effective as of 18th day of October, 2021.

CERTIFICATION

I, the undersigned as Chairman of the Hualapai Tribal Council hereby certify that the Hualapai Tribal Council of the Hualapai Tribe is composed nine (9) members of the whom seven (7) constituting a quorum were present at a **Special Council Meeting** thereof held on this 31th day of August, 2021; and that the foregoing resolution was duly adopted by a vote of (6) in favor, (1)

opposed, (0) not voting, (2) excused, (1) vacant; pursuant to authority of Article V, Section (a) of the Constitution of the Hualapai Tribe approved March 13, 1991.

COVID-19 Booster Shots:

What Community Members Need to Know

1 What is a booster?

A booster shot is an additional dose of a vaccine you have already gotten. Sometimes, an additional vaccine dose is given when the initial immune response following the vaccine series is likely to be insufficient.

Boosters help strengthen your immunity against a disease, especially if a vaccine's effectiveness fades or decreases over time. Many of us have already received booster vaccines for other diseases such as chickenpox, tetanus and whooping cough.

2 Do I need a booster shot for COVID-19?

For people who are fully vaccinated, the COVID-19 vaccines give very strong protection against hospitalizations and deaths, even against the Delta variant. Over time, vaccines provide less protection against mild and moderate COVID-19 disease in certain populations.

Booster doses are not recommended at this time for everyone.* Health authorities have developed a plan to begin offering booster shots this fall if the FDA and CDC determine that this is needed to continue to have the maximum protection vaccines provide.

The good news is that currently available vaccines have shown to be highly effective against severe disease and death from COVID-19. If you are unvaccinated, schedule your appointment today.

3 Are vaccine companies making booster shots?

Vaccine companies are currently investigating how effective the vaccines remain against COVID-19 over time and whether booster doses are needed. They are researching and preparing for booster doses now so that they can be ready in case they are needed.

4 Will we be able to mix vaccine brands?

We aren't sure yet. We expect more guidance about this if boosters are recommended in the future.

***CDC recommends a third dose of the COVID-19 vaccine for people who have had a solid organ transplant or are moderately to severely immunosuppressed. Talk to your health care provider for more information.**

RECOVERY IS FOR EVERYONE: Every Person, Every Family, Every Community

2021 National Recovery Month Observance

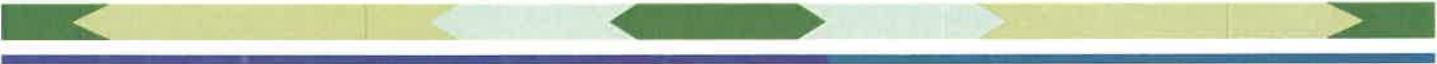

Recovery is for everyone because it benefits everyone. In recovery, we build new connections to ourselves, our families, and our communities. The 2021 **National Recovery Month** theme, ***“Recovery is for Everyone: Every Person, Every Family, Every Community”*** reminds people in recovery and those who support them, that recovery belongs to all of us. We are all called to end gatekeeping and welcome everyone to recovery by lowering barriers to recovery support, creating inclusive spaces and programs, and broadening our understanding of what recovery means for people with different experiences.

While it may be tempting to characterize recovery as a universal experience or single journey, our community is proof that there are as many pathways to and of recovery as there are people. Our strength is our diversity and because of who we are, the recovery community has unique opportunities to learn, challenge, grow, and dream. By expanding traditional, limited conceptions of recovery, which center white, heterosexual, cisgender, religious, wealthy perspectives, we enrich everyone's experience. Mental health and substance use disorder are not one-size-fit all conditions, nor do they affect everyone equally. Culturally competent multilingual resources and gender-expansive programs acknowledge and include LGBTQ+ (lesbian, gay, bisexual, transgender, and questioning), BIPOC (Black, Indigenous, and people of color), and other historically marginalized community members.

Looking beyond our individual experiences strengthens and supports recovery in all its forms. The recovery community has a powerful foundation of mutual aid, peer support, and adaptability. **As we grow in empathy and understanding, we save lives by adding protective factors and building resiliency.** We honor the incredible contributions from communities within recovery as groups connect and implement resources that serve their unique needs. The powerful bonds built in recovery are life-altering. To honor those bonds, in every form they take, is a significant factor in sustaining recovery as well as building bridges between our communities. When we connect with open minds and hearts, we learn from one another and create life-saving opportunities.

To heal ourselves, our communities must also heal. Recovery Research Institute conducted a ***nuanced, five-year study*** that explored the ways in which substance use disorder impacted families, communities, and cultures, and how recovery in those spaces created opportunities to rebuild. The study affirmed that people in distressed communities need opportunities to share their experiences, therefore, personal recovery can translate into collaborative recovery when the individual begins to see their story as part of a larger story. The shift from “I” to “we” is transformative. We call to nurture this “we.” We find new ways of connecting the recovery community. We call to rejuvenate struggling communities and families. At the same time, we work to empower communities who grapple with inequitable conditions, including the effects of systemic racism, homophobia, transphobia, generational poverty, adverse childhood experiences, and other forces. Social connections, family support, and neighborhood relationships are ***directly linked to*** wellness and recovery. We must ensure that everyone has the same chance at recovery. ***Our “I” must become our “we.”***

National Recovery Month educates others about recovery from mental health, substance use, and co-occurring disorders, the effectiveness of treatment and recovery support services, and that recovery is possible. All of us, from celebrities and sports figures to our co-workers, neighbors,

friends, and family members, throughout our lives have experienced peaks and valleys, both big and small. And, with strength, support and hope from the people we love, ***we are resilient***.

The focus areas of the 2021 ***National Recovery Month*** materials include the impact of communities, families, and social groups on the prevalence and recovery of mental health, substance use, and co-occurring disorders. The ***National Recovery Month*** messaging emphasizes the importance of inclusive programs, language, and treatment that lower barriers to recovery for everyone; by challenging traditional structures, we create the foundation that so many people need for their recovery journey.

By asserting that ***“Recovery is for Everyone,”*** we reduce the stigma surrounding people with substance use or mental health disorders, especially when complicated by oppressive forces like white supremacy, systemic racism, punitive criminal justice systems, and policy that excludes less privileged people. Recovery is always person-first. “Meeting people where they are at” translates into acknowledging their unique experiences and needs, including people of different cultures, identities, backgrounds, and communities.

OBJECTIVES

The ***National Recovery Month*** observance serves as a reminder that when we empower communities and families, we are engaging in healing that extends beyond the individual. ***“Recovery is for Everyone”*** means we are **proud of our diversity**, and we are committed to sharing our personal accomplishments and struggles, reaching across barriers to support one another, and actively dismantling systems that harm our recovery neighbors.

The 2021 ***National Recovery Month*** observance and theme, ***“Recovery is for Everyone”*** works to inspire people across the country to transform the “I” into “we” and **build bridges** between families, communities, and groups. We celebrate our diversity and seek to develop deeper understanding, caring, and connection that nurtures recovery.

World Suicide Prevention Day

Working together to prevent suicide - wear yellow on September 10th!

Why should we wear yellow on September 10th? Every year on that day, the World Health Organization (WHO) collaborates with the International Association for Suicide Prevention (IASP) to support the **World Suicide Prevention Day (WSPD)**. It aims to educate people on the signs and behavior associated with suicide and provides information on how to talk to someone who may be having suicidal ideation. According to the WHO, there are approximately 800,000 worldwide ([url: https://www.who.int/health-topics/suicide#tab=tab_1](https://www.who.int/health-topics/suicide#tab=tab_1)) who die by suicide each year.

Any threat to a person's mental health has the potential to exacerbate risk factors for suicide. Dramatic lifestyle changes and stressors, such as those brought on by COVID-19, can contribute to suicidal thoughts and behaviors. According to the National Center for Biotechnology Information (NCBI), there is some evidence that deaths by suicide increased in the United States during the 1918–19 influenza pandemic and among older people in Hong Kong during the 2003 severe acute respiratory syndrome (SARS) epidemic. The adverse effects of the current pandemic on general mental health are of increasing concern, including exacerbation of existing problems such as fear of contagion, anxiety, social isolation, chronic stress and economic difficulties. There is also an increased suicide risk for individuals and their families who have contracted COVID-19, due to perceived stigma.

If you are concerned about yourself, a loved one or someone in your community, reach out and ask them, "Are you okay?" Checking in and offering broad-minded support can really make a difference!

Please show your support in the NIH community, by posting a picture of yourself or with your loved ones wearing yellow. Hold the WSPD campaign sign

COMMUNITY MESSAGES

Inspirational & Encouragement Corner

Submitted by: Josie Powsey

We have been losing loved ones; all of a sudden. Hope it will stop some day soon!! It's up to us — we are told to wear masks at all times, wash hands, be distant from others. That's not hard to do, I don't think! Look at the people around you!! These people, we all know, are you being safe for them? Most of all, pray for one another too. Amen.

The memory of all those who left us too soon... we remember you in the morning, in the night, when we look at the stars, a song, a place, a smell. You are always with us!! Amen! Have a good day. Be safe.
